

THE GREATEST BUSINESS IN THE WORLD!

*The most important revelation given by Jesus
to Demos Shakarian regarding the coming
Layman Movement!*

The Full Gospel Business Men's Fellowship International is comprised of men, women and young people from over 100 nations and all Christian churches. Our name signifies the following:

FULL GOSPEL: Miracle healings. Speaking in tongues. Powerful deliverances. Men who could TALK about God, but also men who knew how to DEMONSTRATE THE POWER of God in their own lives, and in the meetings. This is an explosive ministry led by Spirit-filled men.

BUSINESS MEN: Laymen. Ordinary people, becoming extraordinary through the POWER of the Holy Spirit.

FELLOWSHIP: A group of people who love to get together and witness the love, the compassion, the reality of Jesus Christ.

INTERNATIONAL: The whole world. All flesh. A deep concern for every nation and every race.

INTRODUCTION

As the Founding President, Demos Shakarian gathered the FGBMFI leaders from all over the world during the month of November 1982 on the 30th Anniversary of the Fellowship.

During that meeting, Demos laid out the prophetic direction from God for the future of the Fellowship and for every member.

God had used FGBMFI to spark the Charismatic Renewal that brought the power to witness of Jesus to over 100 million Christians in little more than a decade.

But now, Jesus was making Demos aware of something greater— an End time strategy - to change the body of Christ and prepare her for participating in the Greatest Business in the World - *the Great Harvest!*

Demos talking to his men....

The Future Impact of FGBMFI

We're here to talk to you for a few moments.

God has blessed this fellowship. We've had two days of Executive Committee meeting and the input that other areas and other countries are giving, is just fabulous. It's a true International Committee Meeting. I rejoice and am thrilled.

We're talking about structuring the Fellowship in such a way that there will be no more limit to the growth. We've been planning for two days, and two days before. And at January when the board meets you'll be told in depth some of our plans.

We have 50,000 paid members now and it's growing fast. (1982) But with this new structure and policies and strategies, it's so simple. This brother here helps big corporations plan their business so that instead of doing business in the hundreds of thousands they can do business in the millions. Just by proper structure. It's a flow.

We can learn in a simple way, how to literally explode. In a very few years we can be 500,000 members, then a million paid members. Think of the **impact** we would have:

1982 50,000 paid members
750,000 people per year in FGBMFI meetings

Future 1 million paid members
15 million people per year in FGBMFI meetings

The Revelation of the Layman Movement

In 1943, Dr. Price and I got together because of my sister's accident. She was crushed. Her left pelvis was ground up. Without going into details, with no hope. If she lived, she would be a cripple the rest of her life. We took x-rays all that week and the only hope was a miracle of God.

Dr. Price came one night and he prayed for her. The power of God came upon her and she rolled in the Spirit. Next day they took the x-ray, Dr. Price knew she had been healed, I knew, the Dr. knew, She knew. The x-ray showed that the ground up pelvis that was there was now perfect.

That was the first x-ray miracle I had seen in my life.

Naturally, Dr. Price became very dear to me. He was a giant of an orator trained by William Jennings Bryant. Probably the greatest orator I have heard, even to now. And God put me with him almost every week. I don't know why I met with him every week. But we averaged at least 3 times a month. We had a little log cabin place, Norman Frost knows it- it's a little Italian restaurant in Downy. And we'd go in there and sit in a corner from noon and wouldn't leave that place until 3 or 4 o'clock. He just poured his heart out to me. Some evenings he would come down to my home.

Then in 1943, he gave a revelation. Now remember, at this time there's not too much happening spiritually. Everything was low. Then, he told me about the deliverance ministry. There was a deliverance ministry coming. God was going to touch the men and He is going to anoint them and they were going to have crusades: Tens, Twenties, thousands will come to be healed. He called it the deliverance ministries. People did not use the term deliverance at that time- just evangelistic healing meetings. Dr. Price called it deliverance meetings.

He died in 1947 and great preachers like Brother William Branham, Oral Roberts, Billy Graham all came on the scene at that time. Two months after he died they came on the scene. All these great evangelists; men like T.L. Osborn. They all came right in. Just like he had said- I recognized it.

Dr. Price had said that after the great deliverance preachers, there will be a layman coming together all over the world. They are going to have a very big impact. He said “we’ll have the evangelists, pastors, teachers all of them pouring out their heart for Jesus, but when the laymen come, they will be the last outreach or sources that God is going to use before Jesus comes. On the heels of the deliverance ministers will come a layman movement, it’s going to sweep the world.”

And then he began to describe some of the things that will happen about the Spirit of God being poured out. As he would tell me, he would tell me about the miracles that these men were going to do.

He told me about basket cases. I didn’t know anything about basket cases. I was not aware of hospitals loaded with basket cases. Dr. Price said men will walk in the hospital and anoint those who can’t use their hands, can’t use their feet. They are just lying in a basket being fed there by a nurse, being kept alive until they eventually wither away.

Men will walk in there and anoint them and those legs and arms will come loose and they will walk out. This is before Jesus comes.

And then he told me the story of Sister Johnson. Here was a lady who for 20 years didn’t walk. And then for 10 years she crawled. And the last 10 years the husband carried her on a pillow because there was no way she could walk. She was just skin & bones. Legs were twisted up. Hands were twisted up. There was nothing. She was breathing. She could whisper. She was on a pillow.

Dr. Price said “I was driving through the city, my car wouldn’t go- it kept turning in this town and I said, “Lord, what is it?”

God said, “I want you to hold a revival here”.

So he pulled into a little Methodist Church and talked to the pastor and found out he could have every night. He started there with just a few people and then this husband would bring this lady who was crippled. He would sit her on a pillow on the pew.

A few nights later, the lady indicated to him to call the pastor. She whispered to him that she wanted to give her heart to Jesus. Her husband was a postman and there she accepted Jesus. She was well known in the city there because of her condition.

Two nights later, Dr. Price told Demos, “The Spirit of God came on my head like a blanket.”

That’s what happened at the hospital with Demo’s sister. They got to the door at 10:30 PM at night. Dr. Price turned to Demos and said: “Your sister will be healed tonight.” Later I asked him how he was so sure.

“Every time the Spirit of God comes to me like a blanket on my head and shoulders, every time it’s a great miracle.”

“While I was preaching, the Spirit of God drops on me like a blanket. I stopped preaching and grabbed my bottle of oil and said: ‘Folks, you’re going to see a great miracle!’” I jumped over the railing and went to this lady on the pillow and anointed her with oil in the name of Jesus. He said, “Demos, those hands began to snap, those legs began to snap and crackle. She began to stand up and walk. She walked out of that building.”

The next day she began to walk around town. Thousands, ten thousand came to the meetings. The Power of God came down and there were miracles.

Dr. Price said: “That’s what I’m talking about Demos. That’s what the laymen are going to do. That was in 1943. He re-iterated these revelations he was getting until he died. My father and I were pallbearers at his funeral.

When we started the FULL GOSPEL BUSINESS MEN’S FELLOWSHIP INTERNATIONAL in Clifton’s Cafeteria, we had the struggle and everything. But I want to jump over to 1955, we had the vision but even with that the devil was fighting and fighting. Fighting for my business. My wife said the other night: “Honey, why is it that everything we’ve done has been so hard?” I said “I know, we’ve talked about it.”

We were milking 5,000 cows and one time I had to go to a very important meeting when 10 cows died on me because the gardener threw Oleanders into the corral and the cows ate them and died.

But God has done some wonderful miracles for us. The devil is very much alive, but I know One that has even more power and that’s Jesus!

Dr. Mordecai Ham

So, we come to 1955. I saw the deliverance ministry come in and I recognized it right to the T. There was no problem. I saw it and I knew it, I knew it. That's why I put my shoulder to it and tried to help it all that I could. I knew this was of God. Some of the men were wondering, what's going on? But I knew this was of God and I helped many of the evangelists. Any way I could help them I helped them.

In 1955, I was in Houston, Texas. I was still struggling, moving a little bit. When Andy Sorrel came to me and says, "Demos, there's a Dr. Mordecai Ham here to see you, he wants to talk with you." I said, "I've never heard of him. Who is he?" Andy said: "Billy Graham was saved in his meeting. He's one of the great Baptist preachers. Over 10,000 preachers are preaching because of this one man." Wow! I wanted to meet a man like that!

So we got together and spent 3 days together. He said, "Demos, I know more about this FULL GOSPEL BUSINESS MEN'S FELLOWSHIP than you do."

Now, here was a Baptist telling me he knew more than I did. "God's told me to come down here and talk to you. Son, I've prayed all my life. I knew that God was going to raise a layman movement before Jesus comes. And I've prayed all through my ministry, When, God? When?"

And recently I was praying and God showed me this Fellowship. FULL GOSPEL BUSINESS MEN'S FELLOWSHIP.

God said: "This is the instrument that I'm going to use. God told me to come and tell you that this is the instrument He's going to use before Jesus comes."

FGBMFI is God's instrument to awaken laymen- the sleeping giant of evangelism!

Now here was this great Baptist preacher. He wasn't Spirit filled like we know Spirit Filled. He was anointed. He had the power of God in his life. God used him in that way. And here he comes to tell me that we're going to see great miracles. As he talked, all of a sudden I'm hearing Dr. Price. I said, "Wait a minute- this was what Dr. Price was telling me 12 years earlier in 1943. Now the Baptist preacher is telling me this (**FGBMFI**) is the instrument – this is the instrument that God has called for this purpose.

Then I put the two together and all of a sudden the awesome felling of the responsibility came on me. This is more than I realized. I didn't understand it. I didn't think God wanted me to know that. Until then."

He said, "Don't you ever look back! Don't you ever look back!"

The Revelation of the Layman Movement

Just before the return of Jesus to the world, God is going to raise up a world-wide layman movement. These men and women will minister just like Jesus ministered with signs, wonders and miracles.

FGBMFI is God's instrument to awaken this world-wide layman movement.

News Like Today's Newspapers

So, the Fellowship began to grow. Began to multiply. I want you to know one thing, Demos Shakarian can't do nothing. I found that out when many times I was ready to quit. I don't want to go into that. But you men, right here, thank God! You have come in and shouldered this thing. If it wasn't for you men right in this room, this wouldn't have happened. You men, right here. The ones who have made this happen, you're here right now.

I thank God for you. This, to me is a great joy. For the first time, in this manner, come and talk about what God has for us. I have very deep emotional feelings in me. I've walked this way for 42 years. I've known about this revelation since 1943, that's a little more than 39 years ago (in 1982), step by step, line upon line, day by day, little by little, struggle, work, work, now up to here. It's beautiful. Sometimes I felt I was moving slow, sometimes too fast, but I think God kept us right on course.

We built the building; (World Headquarters in Costa Mesa, California USA) God gave us a wonderful image there in the building. This is a little over two years ago (in 1980) and now I'm spending a little time privately talking with God.

“Where do we go from here Lord? What do we do?”

It's come to my ears that many people think we've arrived, this is it now. What is the word I'm trying to think of? Formalized? Status Quo? (stagnant). And I started praying saying: “Lord, if this is the instrument that you're going to use...” My mind began to go in this direction and the Lord began to direct me this way.

We're Very Close To The Return of Jesus

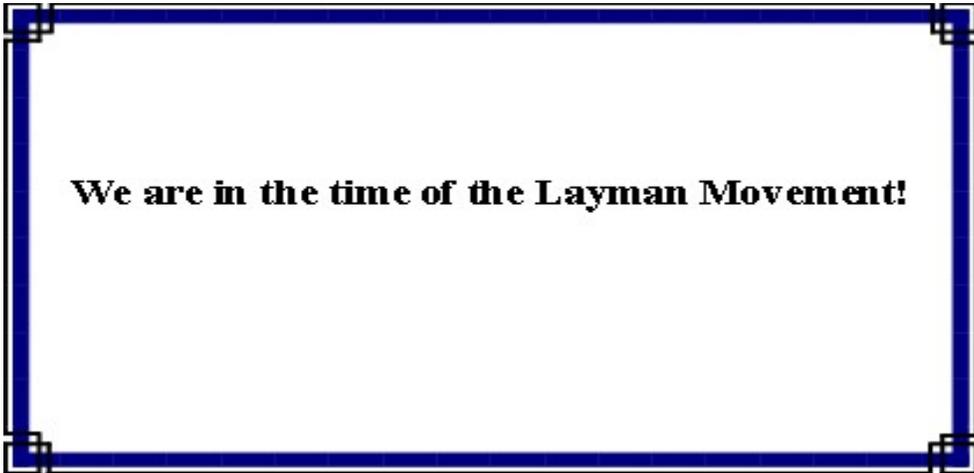

In travelling and knowing the political leaders as I do and knowing the scientists as I do— like Dr. Moon, some of you men know him, a member of this Fellowship and a president of a chapter, who with 3 other men discovered the atomic bomb that was used in Hiroshima with tremendous energy.

I would sit down and talk with these men, thinking about all the trouble in the Middle East. You men know about the unrest all over the world with the anti-God element moving the way they're moving, gobbling up more and more countries- the whole world is under a tremendous pressure- it's reeling and rocking.

And one false move by any country- even a small country, could set off a chain reaction that could bring the revelation where it says in the Bible, "Unless I shorten that day" (Matthew 24:22) "there'll be no flesh left." **We're at that point, men. We're right there!**

I don't have to say it. The preachers don't have to say it. The politicians and the scientists are saying that. They're saying it more loudly than we are.

They're concerned. They're worried. But, I'm not worried for my body or my family because I know that all these things are going to happen before Jesus comes. When He comes it's going to be a glorious day. We're going to welcome him. Praise God! It's going to be a great day for us! And it's just almost there.

We are in the time of the Layman Movement!

“I’m Waiting On You!”

But travelling into Asian countries like China and India, and all over, I realized that there’s more than 2 billion people in Asia (1982), half the world’s population. (4 Billion in 2012) Not even 1% know Jesus. (5% in 2012)

And I realized that in the rest of the world- well, just how many **“real Born Again Christians”** are there?

So I was praying about this around 3 o’clock in the morning in my living room, weeping before God. I said, “Lord, you’re my Father. Lord, you’re my Heavenly Father. You’re the Father of more than 4 billion people in this world. It is because of you that the human race is here, not because of the devil. Lord, are you going to let the devil take all your children and put them into hell for eternity?”

But with tears- “Lord, when are you going to bring the **“revival”**? When are you going to move? When are you going to breathe, laugh- bring the great revival that’s going to take the whole world?” I’m just talking.

Then, it got real quiet. I was having a real heart to heart talk. At the same time, I’m knowing that the Fellowship fits in somewhere in these last days. Knowing in my spirit that as we had the convention here in Anaheim (California, USA) where Brother Bob Horton brought to the Board (of Directors) saying: “You know, we’ve been 30 years in the embryo, and we’re just now being born to do what God wants us to do.” That was the theme of the whole convention last July (1982) But this (talk with God) was even before the convention.

Then a revelation burst in my chest that was just as clear saying, “Son, I’m waiting for you!”

I’ve given you My Son

I’ve given you his Name

I’ve given you his authority

I can’t give you any more!

Then He reminded me of Moses: “What do you have in your hand?”

“A Rod”

Drop it on the ground- it became a snake.

Pick it up- a Rod

With this, you are going to deliver Israel.

It only worked when he used it. (the rod)

Now, He said I’ve given you everything I can give you: “My Son, His Name and His authority.”

How many times did Jesus say to His disciples? “I give you My Name; I give you my authority. “All that I have I give you because you’re going to do more than I do.”

Over and over.

Go with what I’ve already given you.

As you do, you will see that the great End Time revival that you’ve asked me for will come in around you.

Go! And the Revival will Come!

I’m waiting for you!

I’ve given you My Son

I’ve given you His Name

I’ve given you His authority

I can’t give you any more”

GO!

Go with what I’ve already given you

As you go, the revival you’ve been seeking

will come in around you!

God is waiting on us to take what He’s already given us and GO!

Every Believer...

Every man...

Every woman...

Every young person...

“As the Father sent me, so send I you!

John 20:21

You Get It By Revelation

Now, we don't understand everything at one time.

As T.L.Osborn mentioned a moment ago: "**You get it by revelation**".

And to see the ministry come into fruition that the disciples had, it almost has to come by revelation.

It almost has to come that you can just begin to really understand what God will do.

You seem to understand it so well that you just go out and do it, then, it happens.

If spiritually you are dull, there's no way you're going to understand that.

You can be a Christian, you can be spirit filled, and to understand the greater things, you can't understand it because your faith can only go so far.

But as you allow your mind to open up, your heart to open up, and realize, that what we're going to do now *is the greatest business in the world.*

You begin to realize that.

You begin to open up,

Then as you open up and have a desire to hear God and understand what he's trying to do.

Then, He will show you.

Then you will have faith

Then you will understand

Then you will move out and begin to do what He's showing you

Then He says: "Whatever you do, I'll bless you!"

Disciples: Then and Now

Now, look at the disciples: Doctors, Lawyers, Tax Collectors- they're men like we are.

Same emotion.

Same feelings.

Same joys.

Same hurts.

Same love that they had, we have right now.

Look at Peter: when Jesus was being tormented just before he was crucified, Peter denied Christ.

The maid said, "You're one of them."

Peter said, "No I'm not!"

Someone else said, "You're one of them."

Another said, "You're one of them."

He cursed to prove that he wasn't one of "them".

I don't think any of us has done that.

To prove that he wasn't one of them.

He was so frightened.

And yet God takes that very man, Peter, and builds his church on him.

And yet he had walked 3 ½ years with Jesus and then he cursed.

In fact, when Jesus was all alone on the cross, everybody left him.

They all left him.

Even His Father was silenced for a while.

But, you know what?

Jesus never lost heart.

Never lost faith.

Even at that moment, he turned His head up and said, “Father, don’t put this sin on them. Don’t hurt them because of what they’re doing to me. They don’t understand what they’re doing.”

Now, I think of the criminal on the other side- now, he knew Jesus.

Because he said, “You have the power, why don’t you get us out of this?”

In today’s language: “Get us out of this mess!”

He was worried about his flesh.

Also, the other criminal knew about Jesus.

He had to because he said, “Remember me in your Kingdom.”

He wasn’t worried about his flesh. “Remember me in your Kingdom”

Jesus said, “This day thou shall be with me in Heaven.”

To think, here are two criminals, two men that were bad and the Savior in the middle. And to think that one made it and one was so close, only his attitude deprived him of Heaven. His selfishness deprived him of Heaven. He wanted to get out of that mess. He wanted to save his neck.

The other one wasn’t worried about his neck, he saw something: “Remember me in your Kingdom.” Jesus said to him: “This day, you will be with me in Heaven!”

Now, thank God we’re all saved here. But the majority of the world is not saved.

And the Lord impressed me very strong: “I want to bless the men.”

“I’ll do it!” *(to use the members of FGBMFI to awaken the worldwide laymen movement to bring in the end-time harvest)*

I prayed about this for months and months and months.

I talked to the board.

Every time we talked, the Spirit would move.

So about 6 months ago, we called this meeting to share this with you and to explain to you where God is leading us.

Now, the disciples were men like us. And God blessed them.

They prayed for 10 days.

They waited 10 days and the Spirit of God came down...POWER – TONGUES – INTERPRETATION- POWER!

They were full of POWER!

They had FIRE!

And the very crowd that Peter was afraid of he goes BOLDLY and says, “You have crucified!”

“You have done this. You have done this.”

“REPENT!”

He did miracles!

3,000 one day

5,000 another day

More were saved with them than with Jesus because Jesus said, “Greater than this you shall do” and they went and did it.

Shook the whole nation and the world.

And wherever Christians have gone now, they’ve been a great blessing.

And then things began to die down.

Could God Use Us To Usher Jesus Back?

Do you think it’s too far-fetched to think, that after all this has transpired for all these 40 years that I’ve seen, heard- and you’ve seen yourself; is it far-fetched to think, today, that we (FGBMFI) could be the disciples of Christ in the way they were?

The disciples ushered in the church age.

And the men today- now God has not taken away the pastors, evangelists, teachers. He’s simply adding this new dimension of laymen, to all the outreaches of pastors and teachers; T.L.Osborn, whoever is working for Jesus- He’s adding this new dimension, has added this new dimension, - and I’m not going to be so foolish to think we’re the only ones –

But is it far-fetched to think as Jesus used the disciples to usher in the church, do you feel that the time has come now, that God would use man-power (Laymen) again to usher the Son of God back into this world?

I have a feeling that we're in that time.

Now, if God is going to use men, where is He going to find men to do this?
Who is willing?

You don't build something like this overnight.

We've walked along this way for 30 some years now.

Walking, very gently, building, inspiring men.

Here you are from the protestant churches, Catholics, from the world of unbelief,
here they come.

Businessmen.

You've heard Lee Buck tell about the wealthiest men in the world- they were there
opening their hearts to Jesus.

30 years ago, you couldn't drag them in.

They didn't want to come.

But here they come now

The Miracles of Jesus Have Returned!

It is possible that we can get so inspired, so full of God's Spirit that we will be so
motivated to say: "I'm ready! Lord, I'm ready! I believe this is true!"

Not to get fanatical.

I look at Jesus.

Very gentle.

You see Him walking in Jerusalem, Sea of Galilee, on the coast.

Gently talking to the people.

Sees a blind person and heals that blindness.

A deafness, heals that deafness.

A Cripple laying there, heals that.

Just very gently going about- he didn't struggle, scream or anything.

About the loudest he screamed was "Lazarus, come forth!"

Lazarus came forth.

All these wonderful things He did.

You can do it.

What would happen...? And then Dr. Price said: "When the laymen come to that place, to do what Jesus did, it's going to be in the newspapers, radio, it's going to be plastered all over the world. The news, people are going to wonder, what's happening?"

The Miracles of Jesus have returned!

The supernatural signs and wonders have returned!

Jesus is assembling the greatest company of harvesters ever seen in the earth. Under His Lordship, they will invade every corner of the world to take His love and redemption to every living person.

As the prophet Joel revealed 800 years B.C. these laymen will take the Gospel to all flesh and whosoever calls upon the name of the Lord will be saved!

(Joel 2:28-32)

This laymen movement began on the day of Pentecost 33AD and has been growing in number ever since!

(Acts 1:8-4:37)

Signs, Wonders And Miracles Are For Today!

And then just last month, which is October, I got a magazine called Christian Life in my hands. Now here we are, 5 months before, called this meeting for this purpose: to inspire you men to get a direction from God, and here comes this magazine for the first time, and almost every page talks about signs, wonders and miracles.

This is Bob Walker, (editor) a good friend of ours. It's an evangelical paper, (not Pentecostal or Charismatic) It's an influential paper. But more than that- the FULLER THEOLOGICAL SEMINARY, one of the most renown seminaries of the world. IN the most highest degree sense- the most renown. There's a Dr. Wagner, who has a class on church growth. Teaching how to make your church grow. They bring all these theologians and training them. That's one of the classes.

So the Asians and the Africans kept coming and said, "Wait a minute." These are the intellectuals that are coming for 4 years or whatever it takes to get their degrees.

They said, "Talk about church growth, if we want church growth we just pray for one person that can't walk or see, God does a miracle and the next day, we have 1000 congregation."

They kept bringing this to the professor and so finally it sunk in a year or two ago and he thought of something. A university should be open-minded. Many of our greatest discoveries come from universities, whether it's agriculture or dairy farming, or whatever. That's where it comes from; a lot of it.

So he went to the president of the college and poured out his heart. "This is what they're saying..."

I would like to conduct an experiment.

What kind of experiment?

I would like to do exactly what the Bible tells us to do.

Now somewhere along the line they say don't pray and if you do, don't expect miracles.

Don't expect this, don't expect that.

If you allow me to do it, I don't know- they say it works, we don't know.

We have closed our minds.

The church theologians, all across the world, we've all closed our minds.

They don't want nothing to do with it.

But I would like to run an experiment. The President said all right and they give guidelines.

The Bible was the guidelines- not do anything but what the Bible says.

Then he started.

He began to read and bring out these truths according to the Bible. Then they put them to the test.

They brought the sick, students or whoever.

They lay hands and to their surprise, it happened just like the Bible said- they got healed!

Today it's the largest class in the Fuller Theological Seminary.

So Wagner went to a little town called La Habra, not too far from where I live and started a church and in a short time they had over 3000 members now.

So this is being noised abroad now- that signs, wonders and miracles are real!

So now for the first time in the month of October, comes out this magazine that is respected and the college that is respected by the theologians all over the world saying:

“Signs, wonders and miracles are for today!”

PRAISE GOD!

The Charismatic Renewal

So, this nothing new to you and I. We've known this all the time. But God has taken this Fellowship and helped to bring the Charismatic Movement in large measure. The other day, Ray Bullard called me and said, "Demos, they just called me from Notre Dame", 'cause it started there with him and the chapter, you know the story, "this year there are more than 70 million Catholics now that have had the Charismatic experience."

It started right through the FULL GOSPEL BUSINESSMEN.

So God has used this Fellowship in a wonderful way. And I've prayed much about this and I feel that this is right on us.

What a place...

What a time...

What a time- the same month we're meeting, and here comes this magazine. And the FULLER THEOLOGICAL SEMINARY. It opens the door to all the universities. All the evangelical churches. They're going to say, let's try it. And we are going to be arriving at the time when they say, "Let's try it." And the FULL GOSPEL BUSINESSMEN, the laymen are going to be anointed. **YOU ARE ANOINTED!**

You are already anointed.

You already have the ability.

You have already been instructed.

You're just not doing it. You're just not doing it.

It's there!

**God used FGBMFI as His instrument to release
the Charismatic Renewal among the traditional
Catholic and Protestant churches.**

**The Holy Spirit is also moving in the Christian
Universities and evangelical churches.**

**God wants to use FGBMFI to bring ALL
Christians into the FIRE of the Holy Spirit so
they can participate in the End-Time Harvest!**

Just like Jesus!

The Potential

I know David Keltner who walked into a meeting 10 or 12 years ago. I didn't know him. He was crushed and 4 men got killed and two or three got their heads cut off in an accident. I didn't know this man. 5 years after that meeting, Jim Bakker (Christian Television Host who had been invited to our New York City convention of 5000 people) called me and said "Call David Keltner and give him 5 minutes before I speak."

So David spoke at that convention and said: "5 years ago, I was at the White House Inn at Charlotte, North Carolina. There were about 2,000 people there. My Grandmother told me to go there and I don't know why- I went. Then, all of a sudden, I'm standing in front of Demos Shakarian. Demos asked me what my problem was. I said: My Foot."

The platform was jammed with people, you couldn't hardly move. Demos grabbed a chair and told David to sit down. This was the last one he was going to pray for and he said: "Lord, let this one more miracle be."

I took that ugly, swollen foot with 2 ½ inches of built up leather, and all of a sudden I just said: “Jesus!” That leg turned around, straightened out and the swelling went down and the leather shot out.

David said: “My foot was short 2 ½ inches in this shoe with extra leather. I’m sitting there with brother Shakarian holding my foot and all I heard him say softly, was “Jesus!” That’s the only thing I remember him saying is Jesus!”

“Then suddenly, my leg turned, straightened out. I stood up to walk away and I began to fall so I grabbed the chair to sit down. Then I took my shoes and socks off. Before I could get out of that building, I was so scared, so frightened that my whole body was in convulsion. I was shaking all over. I went outside. I went a block away to a bar that I knew was there and I got drunk so I could get on home. I couldn’t walk because I was so frightened. Why? Because I didn’t believe in Jesus; I didn’t believe in God; I didn’t believe in nothing. And all he (Demos) said was “JESUS” and I’m healed!

Demos said: “That bothered me. Lord, why do you heal a man like that and you don’t always heal Christians. I was shaking when David shared that testimony. I didn’t understand that myself. Kinda bothered me.” Then I realized as I read the Bible that most everyone Jesus healed were not Christians. He said “Go and sin no more.”

Since then, David Keltner became Jim Bakker’s #1 man.

Today, Russ Bixler heads up Channel 40 TV. I helped him on that station before. He visited a Full Gospel Business Men’s chapter and received the baptism of the Holy Spirit and loves the Fellowship. Now, David Keltner is his Vice President and General Manager, Bixler being the President.

We went down there about 8 months ago and sat down with Russ Bixler and David Keltner and Dave’s brother. We sat there for 2 ½ hours talking about this miracle. I saw Dave at the Man of the Year awards just a few days ago and he said, “Demos, we’ve played that interview over 15 times. Every month we play it more than once and every time, and every time we play it the same thing happens: It shakes the whole city. That miracle!”

So I was talking to David and I said God is showing me something about signs, wonders and miracles.

David responded saying, “Wow! Will you come to Pittsburgh and get ahold of those 30 chapters, get the men together, and we’ll give you the station. Come there and get the biggest ballroom you can get and let the businessmen begin to pray for the sick and see the signs are happening. Come! Come!”

The Last Day disciples will be Harvest workers, ministering healing, deliverance, prophecy, testimonies, mercy ministries, and reconciliation with God under the Lord of the Harvest:

Jesus Christ

God wants FGBMFI to awaken laymen— the sleeping giant of evangelism, train them for the harvest field and send them forth into the earth!

FGBMFI is a prophetic sign of the times. The fact that God brought us into the earth at this time (Kairos - God’s time) confirms that Jesus is at the door, ready to return.

It is not a question of whether or not we harvest - it is God’s time to harvest!

We're at that point.

We're at that place.

Do we do it?

Or do we not do it?

Do we go to sleep?

Or shall we charge forward?

That's where we're at- that's what it's all about.

I can say a lot more but I don't really want to say any more than what I've said already tonight. We have all day tomorrow, tonight. God can talk to us. God can talk to you – to me.

You see, I can't do it. This was such an important a matter that it was worth calling the leaders from all over the world and sit here and let God talk to us together. And do it together. I really believe- if this is the hour, if this is the time, if this is where the new surge is going to come...

You see, we've been training the men for 30 years. You've been training men. You're leaders. You've been gathering them in and now it's time to put them to work.

I've been praying recently just a few months ago and just as clear as a bell I heard God say, "I want you to raise an army of 1 million men that will go to the highways and the byways and begin to do what I want them to do. It's just as simple as that, it'll happen."

But if we go in just a doldrum way, just going like we're going, it's wonderful- but do we want to move in a new dimension now?
